# DOMINÓ

Completa con los puntos que faltan en algunas fichas, según las reglas del dominó. Ten cuidado que puedes encontrar fichas en blanco que no llevan puntos.

The image shows a domino game board with a jungle theme. The board is a path of dominoes connecting various animals: a tiger, a lion, monkeys, and giraffes. Some dominoes have dots, while others are blank. The path starts at the top left and ends at the bottom right. The animals are drawn in a cartoonish style. The dominoes are arranged in a way that they connect the animals. For example, a tiger is at the top left, a lion is at the top right, monkeys are in the middle, and giraffes are at the bottom. The dominoes are arranged in a path that goes from the tiger to the lion, then down to the monkeys, then down to the giraffes, and finally to the bottom right. Some dominoes have dots, while others are blank. The path is a continuous line of dominoes connecting the animals.
